Swan View WA 6056

16 February 2006

Dear Chris and Mary

Thank you for your correspondence regarding the proposed Parkerville townsite development.

I have noted the issues that you raise and appreciate your thoughtful consideration of the issues at hand.

As you know, the area in question is zoned urban deferred and cannot be rezoned urban until a number of specific conditions are met. If or when that occurs, a local structure planning process will need to be undertaken by the Shire of Mundaring to specifically take into account the types of issues raised in your correspondence and to determine the final number of lots and lot size.

You may wish to submit your concerns during the formal consultation process at the point in the future when that occurs. Thank you again for passing on your comments to both the Minister and myself. It is feedback such as this that will guide my advocacy on this issue in the future.

Yours sincerely

**Jaye Radisich MLA**  
Member for Swan Hills
