Dear Simon,

Re our meeting last Thursday 27th April

I am writing to thank you for the generous amount of time you gave us to discuss the proposed developments in Stoneville and Parkerville and future urbanisation of the Hills.

We are pleased that you share our concerns over the many issues discussed and that you wish to visit the subject area. We would be happy to give you a guided tour in order to make best use of your time - it's easy to get lost up here!

It was most gratifying that you responded favourably to our view that the Hills should be declared an area of special significance and be afforded legal protection similar to that enjoyed by the Adelaide Hills.

If you have any queries or require any further information we would be happy to oblige.

Yours sincerely,

Mike Davies
