STONEVILLE WA 6081

Dear Mike

PROPOSED STONEVILLE AND PARKERVILLE TOWNSITES

I write further to previous discussions with regard to your request to have signage on the above sites.

Recently, representatives of the Shire met the developer's town planning consultants to get an update as to what was happening with the townsites and the issue of signage for the sites was raised.

The Shire was advised that qualified specialist consultants are investigating options for a wastewater treatment plant that could service both Stoneville and Parkerville townsites.

The consultants also advised that to place signage on the lots would be premature at this stage of the development process.

I trust this updated information is of interest to your Association.

Yours faithfully

Mark Luzi
